A screenshot of a web browser displaying a security verification page. At the top, there is a purple square icon with a yellow crescent moon and star, followed by the text "www.kapruka.com" in a large, bold, black font. Below this, the heading "Performing security verification" is shown in a bold, black font. A paragraph of text states: "This website uses a security service to protect against malicious bots. This page is displayed while the website verifies you are not a bot." Underneath the text is a circular progress indicator consisting of a dark grey outer ring and a lighter grey inner ring, with a small gap at the top. At the bottom of the page, a horizontal line separates the main content from the footer. The footer contains the text "Ray ID: 9d9bc895e88db66f" and "Performance and Security by Cloudflare | Privacy", where "Cloudflare" and "Privacy" are hyperlinks.
